

Solutions for Material Recovery Facilities (MRFs)

MRF Design & Equipment

Through innovative products, industry expertise, and superior service, Marathon® Recycling Solutions is the partner of choice for businesses and municipalities who need to quickly and efficiently process solid waste and recyclables.

Whether you process 10 tons of recyclables per day or 150, **Marathon** has the equipment and expertise to help you design the most efficient and cost-effective process for your Material Recovery Facility or recycling center.

Our products are leading the way in productivity and throughput, and our skilled engineers can assist you in designing the right size system for your needs. We will be on-site through installation and startup to ensure you achieve the desired results.

To begin designing a MRF for your business or community, or to expand the capabilities of your existing recycling program, contact **Marathon** Recycling Solutions at MarathonRecyclingSales@MarathonEquipment.com.

The **Marathon** highly efficient horizontal and vertical balers deliver the highest compaction rates and cleanest bales possible for maximum return.

Choose from custom-configured conveyors, separating equipment, sorting platforms, and storage areas to process plastics, OCC, ferrous materials, aluminum, and paper.

Through the **Marathon** financing and leasing program, qualified buyers can finance up to 100% of their equipment purchase, with terms of 18 to 84 months.

Pictures and mechanical diagrams in this literature are illustrative only and may not be to scale. Specifications are subject to change without notice in order to accommodate improvements to the equipment. Certified in compliance with ANSI standard Z245.2 and all applicable OSHA Regulations. Products must be used only by trained operators in accordance with the Operator Manual, as well as applicable regulations, laws, and ANSI standards.

We're Here To Help!
